

*Empower a Youth in India to Realize Their University Ambitions  
& Change the Course of Their Life!*

## **S. Agalya**

### ***Diploma in Nursing***

Agalya has very supportive parents but, like so many others, simply cannot afford to attend university. Her father is a painter and her mother is a homemaker. Her brother attends university, and her parents wish they could afford the same opportunity for her. Agalya wants to become a nurse, have a steady job, and help her mother with the household expenses. On top of supporting her mother, Agalya wants to give back once she has a job by sponsoring at least one vulnerable girl per year to attend university.

During her high school years, Agalya attended one of Visions' after-school Learning & Empowerment Centers where she was able to do her homework and study in peace. She obtained high grades thanks to the time she spent studying at the Center and the support she received from Visions' staff. She also saw that many of her peers were also struggling with poverty and that their dreams of going to college were ruined by a lack of resources. Agalya hopes that, with Visions' support, she will be able to attend university and help her family and her peers in the future.

**For just \$30/month, you can make  
Agalya's university dreams a reality!**

Agalya has been selected to join the next batch of Visions university scholars for 2022. Under this initiative, Agalya is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 6 years, we have sponsored 75 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And thirty (30) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just \$30/month or annual sponsorship of \$360, and we will keep you informed of your sponsored student's progress over the next year!
